THE “FETUS”: For many years, their most significant and basic argument has been that the so-called fetus is not a human life. They also claim that the question of when human life begins is uncertain and a religious issue. However, medical textbooks and scientific reference works consistently agree that life begins at conception, when a genetically distinct individual is brought into existence. Some of the world's most prominent scientists and physicians testified to a U.S. Senate committee that human life begins at conception. At these same hearings, pro-abortionists, though invited to do so, failed to produce even a single expert witness who would testify that life begins at any point other than conception.

From the moment of conception, the unborn fetus is not simple, but very complex. The newly fertilized egg contains a staggering amount of genetic information, sufficient to control the individual's growth and development for an entire lifetime. It is scientifically inaccurate and untrue to say a fetus is not a human being simply because he or she is at an earlier stage of development than an infant. The mother and the unborn child are two separate individuals and half the time, they are not even the same sex! The child has its own DNA, fingerprints and blood type, distinct from the mother's.

WHY BE CATHOLIC? We are asked many questions that we may not know the answers to. Have you been saved? How do we know that God even exists? Why are we here? PRAYER FROM POPE FRANCIS DURING THE CORONAVIRUS PANDEMIC

O Mary, you shine continuously on our journey as a sign of salvation and hope. We entrust ourselves to you, Health of the Sick. At the foot of the Cross you participated in Jesus' pain, with steadfast faith. You, Salvation of the Roman People, know what we need. We are certain that you will provide, so that, as you did at Cana of Galilee, joy and feasting might return after this moment of trial.

Help us, Mother of Divine Love, to conform ourselves to the Father's will and to do what Jesus tells us. He who took our sufferings upon Himself, and bore our sorrows to bring us, through the Cross, to the joy of the Resurrection. Amen.

We seek refuge under your protection, O Holy Mother of God. Do not despise our pleas – we who are put to the test – and deliver us from every danger, O glorious and blessed Virgin.
